# Data Sucks... But It Doesn't Have To

THE RESULT

# Return On Investment To Date...

**19%**

Reduction in 2025  
annual budget

**\$6.3M**

Cost savings from  
reduced cancellations  
and manual discounts

**\$8.3M**

Revenue growth from  
increased bookings

**...And We're Just Getting Started**

# Debunking The Myths

Our data quality is not affecting revenue or guest experience

We have an accurate measure of our KPI's

Our CRM, DW, CDP will resolve these issues

Our team is already addressing this

Our systems are connected

**Business Leaders**

I don't have access to the data that I need

I have to juggle multiple tools to do my job effectively

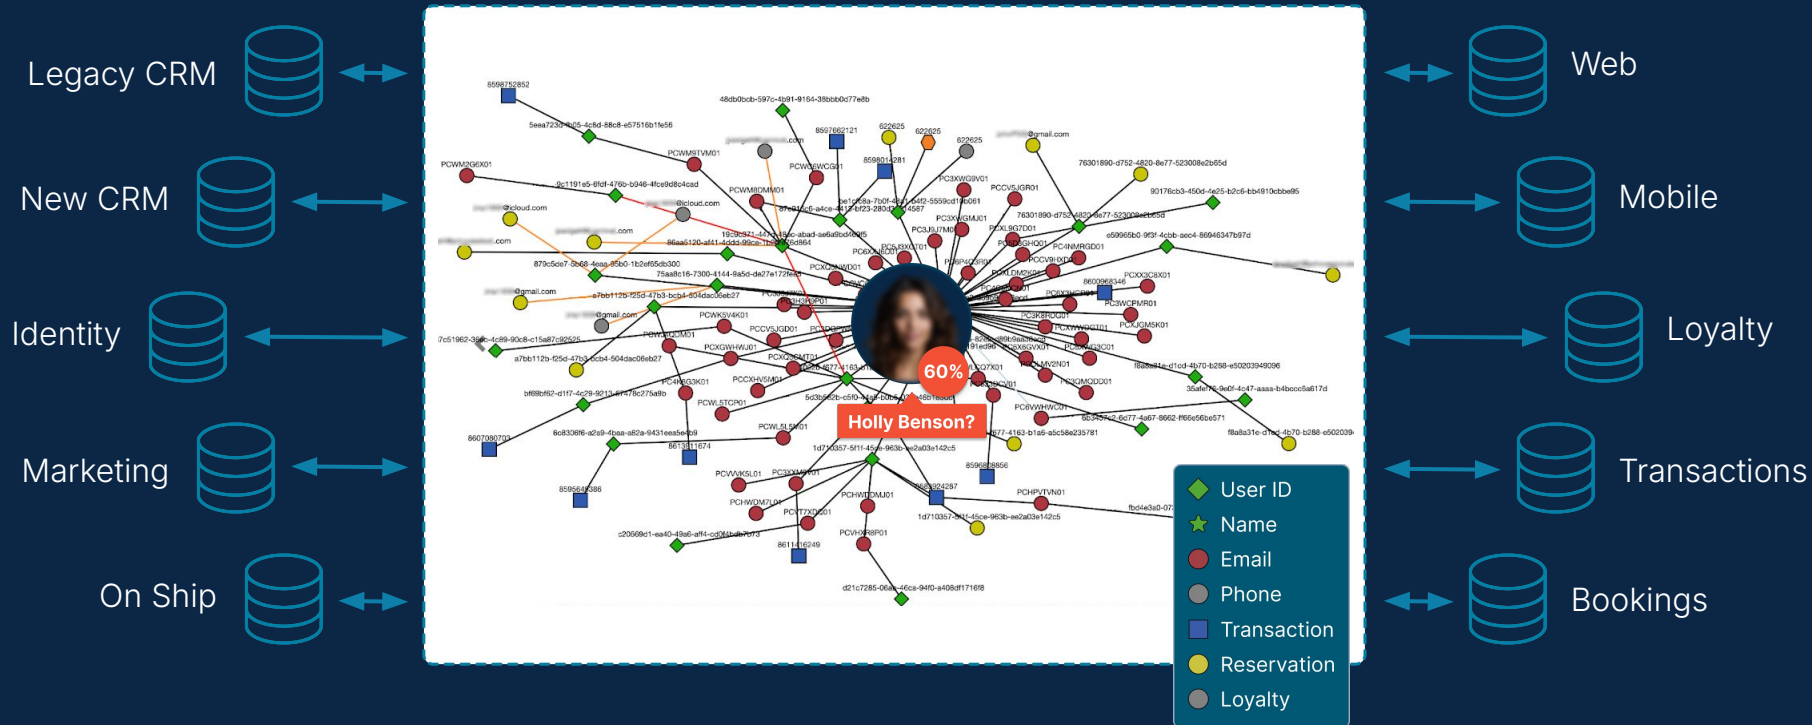

I can't upsell without reliable guest insights

**Customer Support**

## DISCOVERING THE ROOT CAUSE

# Inaccurate, Disorganized and Inaccessible Data

# Flying Blind Costs You: Lost Revenue & Escalating Costs

”

It costs an enterprise **\$1 to verify a record** as it is entered, **\$10 to fix it later** and **\$100 to do nothing.**

Forrester: The Impact of Bad Data

## THE BREAKTHROUGH

# Monitoring and Validating Data at the Point of Interaction

## Holly Benson
